Registration Preparation

Graduate Students

The fall 1998 on-line registration and drop/add period for all graduate students will continue through September 9.

Graduate students in GSA&S, CGSOM, GSOE, GSON, and GSSW who register before August 15, 1998, will have their registration fee waived. This waiver only applies to those students who complete their registration by August 15. Students who add courses after August 15 will be charged the \$15 registration fee.

Students registered for Doctoral Continuation in the spring will be pre-registered for the fall unless they graduate in May or are enrolled in programs that require departmental permission. Those students whose departments require permission need to obtain a departmental override. Graduate students using School of Education teaching vouchers should see Arline Riordan in the Graduate Education Admission Office.

Graduate Students

Special Students who have not applied to a degree program or who have applied but have not yet been accepted and wish to take graduate level courses must apply as special students to the appropriate graduate school. This policy also applies to students who wish to take graduate level courses using teaching vouchers and have not applied or been accepted into a graduate school at Boston College. Those who have previously taken courses using vouchers should contact the Admission Offices to be readmitted.

Undergraduate Students

The fall 1998 registration and drop/add period for undergraduates will continue through September 9. **First Year Students** should read the 1998-99 *Boston College Catalog* and the *Schedule of Courses* before completing the registration worksheet for their schools or college included in the *Planning Guide for First Year Students*. At orientation, advisors will help students refine their course selection even further.

Registration Procedures

Graduate and undergraduate students register and drop/add using either the *U-View Plus* system—available from any computer terminal or microcomputer with a network (EagleNet) connection or with a dialup (modem) connection to BC's administrative mainframe computer—or the *U-Dial* voice-response system. *U-Dial* can be accessed from a touch-tone telephone by dialing 617-552-8800. Instructions for accessing *U-View Plus* are posted in the terminal carrels in O'Neill 248 and in the Student Learning and Support Center in O'Neill 250. The registration systems will be available seven days a week (with exceptions) until 11:00 P.M. through September 9.

All students may drop/add any time after they have registered. Drop/adds after September 9 must be approved by the appropriate department/Dean's Office.

Lyons First Floor Services

Eagle Number

Your Eagle Number is the last 8-digits to the left of your picture on the Eagle-One Card. Keep your Eagle Number easily accessible since it allows you to access your records on *U-View*, and it is often requested by the University as a form of identification.

Eagle-One Cards

Eagle-One cards are required for use of the library facilities, Dining Services Convenience Plans, and as student identification at athletic facilities and events.

New or returning students who need Eagle-One cards must bring a valid photo ID to Lyons 112. The \$20 fee will be applied to your student account.

E-Mail

E-Mail accounts are automatically created for all full-time undergraduates. Log on to *U-View* and type M, the option to request or view your E-Mail address. Press return. Your full address will appear at the bottom of the *U-View* screen.

Graduate students should log on to *U-View* and choose the option to request an E-Mail account. *U-View* access is available in the Student Learning and Support Center in O'Neill Library. An account will be created for you in approximately 24 hours. After inputting the request, the *U-View* screen will show you which server your account is on: MAIL1 (mostly faculty and staff), MAIL2 (formerly known as cleo) or MAIL3 (formerly known as tony).

E-Mail accounts are valid as long as you are registered with an extension until August 1 of the year you graduate.

Parking Permits

B.C. regulations require a parking permit between 1:30 A.M. and 3:30 P.M. weekdays. Students arriving for classes after 3:30 P.M. may park on the Lower or Newton Campuses without purchasing a parking permit.

Also, no permit is required on weekends or during the summer session. Students with parking questions should come to the Registrar’s Office in Lyons Hall 112.

Dining Services Convenience Plans

Dining Bucks allows students to purchase food at any of the University’s restaurants and concession stands, as well as items from campus vending machines and pizza from an off-campus vendor. To purchase Dining Bucks complete the Dining Bucks Contract, which is available in Lyons 112. There is a \$100 minimum deposit. Students who wish to add Dining Bucks during the summer session must bring cash or a check.

Registrar’s Service Area

To process an override for a closed or restricted course, to obtain a letter of certification, or to resolve general registration problems go to Lyons 112, Monday-Thursday from 8:45 A.M. until 4:45 P.M. and Friday from 8:45 A.M. until 3:00 P.M. The Registrar’s Service Area staff can also assist you with parking, Dining Bucks, or Eagle-One Card questions as well. Call 617-552-3300 or E-Mail: registrar@bc.edu

Transcript Office

Transcript requests may be submitted in writing to the following address: Transcript Requests, Office of the University Registrar, Lyons 113, Boston College, Chestnut Hill, MA 02167 or faxed to 617-552-4975.

Requests are usually processed within 48-72 hours of receipt. Students may also complete a transcript request form available in Lyons foyer.

The Transcript Office is open Monday-Friday from 8:45 A.M. until 4:45 P.M. and Friday from 8:45 A.M. until 3:00 P.M. There is no charge for a transcript.

Registration Information

Course Descriptions

Access the Registrar’s Office Web site for course descriptions at the following address: <http://www.bc.edu/courses>. Use the *Schedule of Courses* on the Web to determine the index and section numbers, and the meeting time of each course.

You may also browse courses on *U-View Plus* by using the “C” option, which will access both fall and spring semester courses, or search for courses by instructor name, by course title, and by open courses (not closed or canceled).

Course Restrictions/Closed Courses

An asterisk (*) next to a course indicates a restriction. The specific restriction is printed underneath the course. Courses may be restricted by school (e.g., For Education Only), by degree (e.g., For Doctoral Students Only), or by major (e.g., For Economics Majors Only). Other courses, or sections of courses, may be held by the department so that they are unavailable during certain periods of registration. Some courses (including all graduate courses) may be available to undergraduates with department permission only.

Note: If you are planning to change your major, be sure to check the General Information section for instructions.

Overrides

In exceptional cases, a department may decide to override a course restriction. If you wish to obtain an override for a course that was closed or restricted when you registered, see the department. If the department Chairperson or Assistant decides to allow you to register for the course, he

or she will give you an *Approval/Override* form. The form must be stamped in the appropriate section: *Open/Restricted* overrides school, major, degree and department restrictions; *Override for a Closed Course* overrides all restrictions and size limits for closed courses. In rare cases you may need to obtain permission to override a corequisite or to register for two courses that conflict in time. In those cases the *Approval for Time Conflict* must be signed.

If you obtain an override for a restricted or closed course take the form to Lyons 112, after you have registered. You cannot process overrides through *U-Dial* or *U-View Plus*.

Students in A&S, CSOM, and SON, who maintain a 3.00 GPA, may add a sixth course on-line (up to 20 credits) during the first week of classes.

Registration Holds

If you have an outstanding balance on your student account, are missing a transcript from a university you attended previously, or have failed to submit proof of immunization to the Health Services Office, a hold may be placed on your registration. If a registration hold message appears on the screen, you must see the appropriate office to resolve the situation before you can register.

Immunization Requirement

The Commonwealth of Massachusetts requires that all full-time college students show proof of immunization against measles (2 doses), mumps, rubella, diphtheria, tetanus and tuberculosis (tuberculosis test within the past 2 years). If you have not submitted the *Immunization Verification* form you must do so before registering. Students who fail to provide proof of immunization prior to registering for their second semester at Boston College will not be permitted to register. To obtain an *Immunization Verification* form contact Health Services at 617-552-3225 in Cushing Hall.

Students whose personal religious beliefs forbid immunization or who can provide physician’s documentation that immunizations should not be given because of pre-existing medical problems should contact Health Services.

Massachusetts Medical Insurance

Commonwealth of Massachusetts Law has mandated that all students, graduate and undergraduate, taking at least 75 percent of full-time credit hours must be covered by medical insurance providing a specified minimum coverage. Determination of whether or not a graduate student is required to enroll in the insurance program is based strictly on the actual number of credits for which the student is registered each semester. Graduate students in the Schools of Social Work, Management, and Advancing Studies who register for 9 or more credits are considered 75 percent of full-time. Graduate students in the Schools of Arts and Sciences, Nursing and Education who register for 7 or more credits are considered 75 percent of full-time.

Boston College will offer all students—graduate and undergraduate—the option of participating in the plan offered at the University or submitting a waiver. The details of the University’s Insurance plan are available on the *U-View* system or on the World Wide Web at www.bc.edu/accts. Students may waive the BC insurance plan by completing the electronic waiver form on *U-View*. Students under the age of 18 are required to submit a written waiver form with the signature of their parent/guardian. This form is mailed to all incoming students during the spring and is also available for download at the Web site listed above or from the Student Account Office. The waiver must be completed and submitted by October 9, 1998, for the fall semester and by February 12, 1999, for spring semester. Students who do not complete a waiver by the due dates will be enrolled and billed for the BC plan.

Students registering for less than 75 percent of a full-time course load who wish to enroll in the insurance plan must be in a degree-granting program. Such students enroll directly with the insurance company using the part-time enrollment form available at the Boston College Health Services department in Cushing Hall or at Walter W. Sussenguth and Associates. The coverage becomes effective upon receipt of the application and payment by the insurer if received after the due dates above.

Note: For insurance purposes students registered for 0 credits (e.g., Doctoral Continuation, Interim Study) are considered part-time and must enroll directly with the insurance company. For questions concerning student enrollment, waivers or billing call 617-552-3600.

In severe cases, students will be withdrawn from the University. In addition, a \$100 late payment fee will be assessed on any account that is not resolved by the due dates. Special Programs

The Program for the Study of Faith, Peace and Justice

This program offers students the opportunity to examine and intensify their faith commitments and to explore the significance of these commitments for the task of bringing about just and peaceful solutions to national and international problems. The Program sponsors courses, campus events, and special activities for its participants.

A&S or CSOM students who meet the academic requirements of the Program may minor in Faith, Peace, and Justice Studies. Alternatively, students may choose to concentrate on faith, peace, and justice concerns within their major field. In either case the same pattern applies, (i.e., an introductory course, UN 160 The Challenge of Justice, four intermediate courses taken with the advice and consent of the Director, and finally, UN 590 the Senior Seminar Project).

Campus events include speakers, religious ceremonies, and student-faculty conferences and less formal exchanges on issues of faith, peace, and justice. Special activities for participants of the Program include retreats, service days, lectures, discussions and socials.

For further information, please contact Prof. Matthew Mullane, Gasson 109, 617-552-3886.

PULSE Program

The PULSE Program provides students with the opportunity to explore questions of philosophy, theology and other disciplines in courses which incorporate field work experience in one of Boston’s many social service organizations. Through the combination of academic reflection and community service, students are provided with a framework for understanding the intimate relationship between theory and practice.

Enrollment in the course Person and Social Responsibility is one of the options for fulfilling the Core requirement in Philosophy and Theology. In light of classic philosophical and theological texts, social science, fiction, and poetry, PULSE students address topics such as the relationship of self and society, the nature of community, the mystery of suffering and the practical difficulties of developing a just society, urbanism, homelessness and alienation. PULSE students are challenged to investigate the insights offered by their readings in relation to their service work. Enrollment in the core level PULSE course is limited to freshman, sophomores, and juniors. Spots in the course are very limited and are allocated on a first-come first served basis.

For those students who want to continue their experience with the PULSE program or who were unable to enroll in the Core level class, several elective courses are offered. A philosophy and English course entitled *Stories and Service* looks at topics such as urbanism, homelessness, and alienation through texts by social scientists, novelists, philosophers, and poets. Other PULSE elective course titles are *Values in Social Service and Health Care and Boston: An Urban Analysis*.

All PULSE courses require a ten to twelve hour per week commitment to service. Carefully selected field placements in youth work, the correctional system, emergency shelters, AIDS and HIV services, legal and community advocacy, and literacy programs become the context in which students forge a critical and compassionate perspective both on society and on themselves.

University Capstone Courses

Reserved for seniors and second-semester juniors only, the Capstone program is designed to cap off college by facing the questions of life after graduation. The Capstone Seminars (UN 500-525) directly address the hopes and anxieties that seniors face but seldom find treated in traditional courses. They relate the life and learning of the past four years to the life and learning ahead. The Capstone Seminars take seriously the struggle to integrate four crucial areas of life: work, relationships, free time, and the search for the purpose of existence.

Ask some inevitable questions now, not later. How did my education prepare me to live? With everything I want to do, what will I have to compromise? How can I balance my career and my family? Can I find work with a higher meaning than my income?

Special features of the course:

- Faculty from various departments
- Each section limited to 15-20
- Class meetings held in leisurely, informal settings
- Innovative teaching methods, such as keeping a journal, interdisciplinary reading, guest speakers from professional life
- Capstone Seminars satisfy major requirements in certain departments.

To register for a Capstone Seminar

You must be a senior or a second-semester junior to take the course.

Different Capstone Seminars will be offered each semester. All Seminars are interdisciplinary: you may register for any one of the Seminars as a University (UN) course. If you find a particular Seminar closed, try to register under the cross-listed number (e.g., if UN 523 is closed, try to register for the class as TH 523, and vice versa). The Seminar can count as an elective for all students. For majors in English,

Philosophy, and Theology, it can satisfy the major requirements if the student takes a seminar as cross-listed in the department of his/her major. Students are reminded that several Capstone seminars are cross-listed, both as University courses with a UN number and also as courses in the department of the professor offering the course. In case a course is closed be sure to check whether there is space under its cross-listed number.

Students must also understand the following rule:

NB: No student may take more than one Capstone seminar during his/her undergraduate years. Thus, you may not take two Capstone courses in one semester or in two different semesters. This is true whether the course is listed under a UN number or as course in a specific department. If a second Capstone course appears on your record, it will be removed. This could make you ineligible for graduation.

History

HS 234 Religion and Politics in Twentieth Century India (Fall: 3)

Fulfills Cultural Diversity requirement

Prerequisites: Any two semesters of HS 001 through HS 094

Throughout the world politics and religion are becoming increasingly intertwined. This intertwining has been catastrophic in India, where in this century several million Muslims, Hindus and Sikhs have been murdered in riots and political conflicts. In this course we will explore the factors which gave rise to religious animosities in twentieth-century India and the grave consequences of these animosities. Topics will include British colonial attitudes to religious differences, the histories of Muslim and Hindu political parties, the communal riot as conflict over the public space, the partition of the subcontinent into India and Pakistan, gender and religious politics, and the revival of Hindu nationalism in post-colonial India. Readings will include fiction, poetry and memoirs and will also be supplemented by several films.

Prasannan Parthasarathi

HS 241 Capstone: Boston’s College—Your Life (Fall: 3)

Cross listed with UN 532

Prerequisites: Any two semesters of HS 001 through HS 094

This seminar will focus on the historical development of Boston College and the continually evolving interaction between its traditions and its students. Students will do archival research on some aspect of Boston College in which they have a personal interest and will record oral histories with faculty, administrators and alumni who can describe the ambiance and personalities of different periods that have shaped the modern university. All students will write a series of reflective essays on their experience with Boston College traditions and the impact it has had on their own personal views of themselves, their pasts and their futures.

Marie McHugh, Senior Associate Dean

J. Joseph Burns, Associate Dean

HS 244 History of American Religion (Fall: 3)

Prerequisites: Any two semesters of HS 001 through HS 094

This course will explore the varieties of religious experience in America from the establishment of European colonies in the seventeenth century to the present. What have been the major religious movements in the United States, which has been described as “a nation with the soul of a church”? Surveying the major denominations and groups, especially within Christianity and Judaism, we will examine what Americans have believed about fundamental religious questions: the nature of God; the nature of human beings; the organization of the church; the responsibilities of believers in society. We will also examine what religious people have done on the basis of their beliefs, including the establishment of educational and social welfare programs. We will study the ideas and actions of both religious leaders and average believers.

James O’Toole

HS 300.52 The Study and Writing of History: Race, Politics and Emancipation, 1860-1877 (Spring: 3)

Prerequisites: Any two semesters of HS 001 through HS 094; history major status

As Abraham Lincoln ran for the Presidency in 1860, America was a nation with four million slaves, the Supreme Court had recently declared that African-Americans could not be citizens, and Civil War was imminent. A little more than a decade and a half later, after four years of war and a decade of Reconstruction, slavery had been abolished, the Union preserved, and the Constitution now guaranteed equal protection to all citizens. Few periods in our nation’s past have witnessed such dramatic change in such a short period of time. This course will examine this Age of

Emancipation by focusing on national and state politics. We will pay special attention to the following topics: Lincoln’s presidential leadership; African-American political activism; wartime political debates; Radical Republicans during Reconstruction; the Fourteenth Amendment and its implications; and the revival of white supremacist politics in the postwar South. Students in the course will complete a research paper on some aspect of the politics of Civil War and Reconstruction.

David Quigley

HS 300.53 The Study and Writing of History: Gandhi (Spring: 3)

Prerequisites: Any two semesters of HS 001 through HS 094; history major status

Mohandas Gandhi was one of the seminal figures of the twentieth century. He was a brilliant political tactician and the principal leader of the Indian National Congress, which led the movement for Indian independence. At the same time, Gandhi offered a vision of a good society based on non-violence and simple living which continues to inspire many today. In this course, students will conduct primary research, largely based on Gandhi’s voluminous writings. Possible research topics include: non-violence in theory and action, the Gandhian critique of modern industrial society, the making of the Mahatma, the partition of the Indian subcontinent, the influence of Gandhian ideas on the U. S. civil rightsmovement, and representations of Gandhi in biographies, novels, films and music.

Prasannan Parthasarathi

HS 300.59 Study and Writing of History: Overseas Migration in the 19th Century (Spring: 3)

Prerequisites: Any two semesters of HS 001 through HS 094; history major status

This historical-methods course introduces undergraduates to the discipline of history. It gives training in how to conduct historical research and how to present the results of that research, including the proper citation of evidence. Because one learns best by doing, each student in the course is required to write an original research paper. The class is limited to no more than fifteen students and is conducted as a seminar. It fulfills a requirement for undergraduate history majors. The content of the introductory common reading and of the research papers will concern the unprecedented movement of humans from their homes to new settlements overseas that occurred in the nineteenth century. Topics for consideration and research include motives for emigration, changes in the speed and comfort of sea travel, and the conditions immigrants found overseas. Because the primary sources most readily available are in the British Parliamentary Papers, the course will focus on migration to and from British possessions. Given the extent of the British Empire at this time, this is not a severe restriction, since it includes the migrations of Chinese (through Hong Kong), South Asians (from British India), Africans (especially to the British West Indies), and Pacific Islanders (to Australia), as well as European migrations to Australia and Canada. However, the course does not include European migration to the United States.

David Northrup

HS 384 Topics in European Colonialism (Spring: 3)

Prerequisites: Any two semesters of HS 001 through HS 094

This course will explore the expansion of Europe between the fifteenth and nineteenth centuries, the accompanying creation of colonial societies, and the fate of these former colonies in the late twentieth century. Topics will range from political economy to post-colonial theory and will include: the forces which led to European expansion, slavery and the plantation complex, the formation of colonizer and colonized identities, education and colonial rule, colonialism and gender, nationalism, and the twentieth-century discourse of development.

Prasannan Parthasarathi

HS 505 The History of New York City, 1776 to the Present (Spring: 3)

Prerequisites: Any two semesters of HS 001 through HS 094

New York City has long occupied a unique place in the American imagination. For some the city has been utopia, symbolizing the nation’s democratic promise. Many others have looked to New York and seen, instead, an urban dystopia teeming with crime and corruption. This course will consider the city’s history from the American Revolution to its contemporary resurgence, paying particular attention to the following topics: immigrants and their cultures; the Civil War draft riots; Coney Island and the rise of urban mass culture; the Harlem Renaissance; outerborough conservatism in the 1970s. To get at the wide range of ideas and experiences of New York City, we will make use of novels, memoirs, films, and other historical sources.

David Quigley

HS 530 Technology In the U.S., 1880-1990 (Fall: 3)

Prerequisites: Any two semesters of HS 001 through HS 094

This course studies the evolution of technological style in the United States from 1876, the nation’s hundredth birthday, to the present. “Technological Style” means technologies which become so successful in a society that society could not survive without them. “Successful,” as used here, does not mean that a technical design does what it was intended to do. Electric toothpicks, for example, do what they are designated to do but U.S. society could manage without them and not suffer particularly grave consequences. But electric utilities, automobiles, electronic communications and information processing systems, etc., these we would not know how to do without.

John M. Staudenmaier, S.J.

Gasson Professor

HS 658 Social and Political Conflict in Twentieth Century Boston (Fall: 3)

Prerequisites: Any two semesters of HS 001 through HS 094

In the twentieth century, Boston transformed itself from an inward-looking, provincial state capital to a self-proclaimed “world-class city.” For all its material success, however, the city was always beset by ethnic, racial, and economic divisions in which different forces contended to determine the direction of the city and its public life. This course will examine several of these contests over the question of whose Boston is it. Through readings in the extensive published literature on Boston history, we will explore such issues as the changing landscape and built environment of the city, the contest between immigrants and the Yankee Brahmin establishment, and ongoing racial tensions (culminating in school desegregation in the 1970s).

James O’Toole

HS 917 Archives and the Historian (Spring: 3)

This course will examine the nature of archival and other documentary source materials and their use in historical research. How and why are original records created, and what roles do they play in human affairs? How do these records become useful to historians seeking to understand the experiences of people in the past? How do historians extract information of interest to them from archival materials? How do archives organize and preserve these records so as to make them available to researchers? How can researchers identify source materials that are relevant to the topics of their investigation? In particular, what automated methods are available for finding and searching archives? Through readings, exercises, and work in various archives, this course will introduce graduate students to the use of archives in their scholarly work.

James O’Toole

PO 563 Seminar: Chinese Foreign Policy (Fall: 3)

This course is a comprehensive analysis of the People’s Republic of China’s foreign policy since 1949. It focuses on the historical, international, and domestic sources of Chinese policy towards the superpowers and towards its Asian neighbors. Robert S. Ross

PO 610 Family and Politics in Jane Austen (Fall: 3)

An exploration of Jane Austen’s novels for insight into the contemporary debate and where or whether lines should be drawn between public policy and private life. If the personal is indeed political then Austen offers a gold mine of political as well as moral reasoning. Readings will include *Sense and Sensibility*, *Pride and Prejudice*, *Mansfield Park*, *Persuasion*, and selections from Plato, Aristotle, Hume and Smith.

Amy Bonnette Nendza

PO 965 Montaigne and Modern Man (Fall: 3)

Central to modern humanism is the idea that the highest vocation of man is to be a man, that is, just a man. The seminar will follow the many ways through which Montaigne tries to persuade his readers to take leave of any supposedly highest purpose and to live according to “human condition”, that is, within its limits. The *Essays* are the first, and perhaps the greatest, effort to delineate the natural limits of a being whose most natural urge is to overstep them. The course will meet three times per week (October 5 - 23) plus a few extra classes.

Pierre Manent

Sociology

The following two courses have been cancelled for the fall but will be offered in the spring:

SC 430 American Corporations

SC 001.09 Introductory Sociology (Fall: 3)

If you are a Sociology Major and have already taken SC 100 do not take this course.

Like any introduction to sociology, this course covers the central concepts, ideas, theories, and methods that define the boundaries of sociological work. Readings and lecture material throughout the course are meant to convey how a sociological perspective or imagination is applied to such areas of social life as deviance, inequality, and race rela-

tions. Students will be introduced to the history of sociological ideas and the central theoretical models of the field as they are applied to analyses of such institutions as the family, education, religion, sports, and the city.

Eva Garrouette

SC 098 Sociology of International Development (Fall: 3)

This is an introductory course to International Development. The course will cover the major theoretical approaches addressing international development. We will examine their relevance to contemporary issues such as the following: Third World development strategies, the newly industrialized countries (NICs), comparisons between the differential modes of incorporation of peripheral countries within the capitalist world economy. The first part of the seminar is dedicated to an overview of the different theoretical approaches. The second part will compare the developmental processes of Southeast Asia and Latin America in relation to the development of the United States.

Ramon Grosfoguel

SC 385 Multicultural America: The Contemporary Debates (Fall: 3)

Contemporary America witnesses increasingly divisive debates between different cultural groups over fundamental social goals, values, norms, and policies. This course explores some of these debates in depth, with a focus on those involving racial and gender groups. Topics may include the viability and consequences of multicultural education, the sources of and solutions to racial inequality, the dynamics of power in gender relationships, the future of feminism, and related subjects.

Eva Garrouette

SC 398 Global Cities (Fall: 3)

The main emphasis of this course is on the political, economic and cultural processes of contemporary global cities. The course will cover issues such as economic restructuring, global culture, coloniality, the “new” international division of labor and the “new immigrants” in the space of global cities. A dialogue between diverse approaches to the global city (i.e., political-economy, post-colonial, transnational) will be explored. We will compare several cities in the United States and Western Europe. However, particular emphasis will be given to New York City, Miami, Los Angeles, Paris, Amsterdam and London.

Ramon Grosfoguel

SC 736 Introduction to Social Economy I (Fall: 3)

This course will provide an introduction to the field of social economy for entering students in the SESJ program. It is intended to introduce students to a broad theoretical overview of the field, including both macro and micro levels of analysis. Central concepts of the social economy paradigm, including self-governance, self-management, industrial democracy and social planning will be discussed, as well as major substantive topic areas including organizational democracy, worker control of the labor process, employee ownership, corporate social responsibility, industrial policy, social federations, social investment and national social planning.

Schedule of Courses—Fall Semester 1998

Explanation of Course Numbers

The Boston College Course Number consists of seven characters. The first two characters (alphabetic prefix, e.g., “MA”) indicate the department or program offering the course; the last two characters indicate the section number. The middle three characters indicate the level of the course. When listing courses the entire seven-character symbol must be used as well as the four digit INDEX number which appears to the left of the course. For example: 9999 MA333.01.

Final Exam Information

All courses have scheduled exam times determined by the starting time of the course. The listing above shows standard class meeting time exam assignments for undergraduate courses. In general, common exams are held at 4 pm. If a course does not fit exactly into a module, it assumes the module corresponding to the closest class meeting time. For example, a class meeting T TH 11 is assigned module 10 (T TH 10:30*). In situations where the non-standard time falls **halfway** between two modules, use the module for the later time. For example, a class meeting M W F 9:30 is assigned module 03 (M W F 10).

All graduate courses meeting **once a week** and undergraduate courses that start at 4:00 pm or later and meet **once a week** will have final exams on the first regular class day that occurs during the exam week. All graduate courses meeting **more than once a week** and undergraduate courses that start at 4:00 pm or later and meet **more than once a week** will have final exams on the class day that is earliest in the calendar week. For example, the final exam for a T TH 4pm class would be held Tuesday at 4pm. Exams will be held at the usual class meeting time and location unless otherwise posted on the exam schedule.

The meeting place for each exam, and exceptions or changes to the schedule will be posted outside the Office of the University Registrar, Lyons 101, one week prior to the exam period. Exam information is also available on U-View.

If there is a storm during the examination period, there is the expectation that exams will be held as scheduled. In the very rare instance that the exam schedule is delayed or postponed due to inclement weather or other emergency situations, the first available of the following days will be used: The Sunday during the exam week, the afternoon of the last exam day, and the day after the last exam day. If rescheduling is necessary, announcements will be made on WBZ, WRKO, and WBMX, and on the Boston College INFO line (552-4636). **For graduate and professional students, announcements concerning final exams will be made on the same radio stations and on 552-INFO. Students are responsible for attending final exams at the scheduled times. In addition, students should consider possible exam rescheduling when making travel plans at the end of the semester.**

Students are expected to take no more than two final exams in any one day. If a student has three exams scheduled in one day and one of these is a common exam, it is the responsibility of the instructor holding the common exam to give a make-up exam. If a student has three regularly scheduled exams (this can happen if the student is taking a course that meets at 4:00 pm or later), the instructor teaching the course outside of the standard time blocks (8 am-3 pm) should provide a make-up exam. In addition, if a student has a conflict between a common exam and a regularly scheduled late afternoon or evening course exam, the responsibility for a make-up lies with the instructor offering the common exam.

U-View via Modem

Modem Setup

- In your communications package, set your modem speed to the speed rated for your modem. The other settings remain the same: 8 bits, no parity, hardware handshake or flow control. Error correction should be turned off.

Logging On

- Use your communications software (Mac Terminal, ZTerm, Reflection, ProComm, YTerm, e.g.) to dial the modem pool number appropriate for your modem: 552 3020 for 2400 bps or LESS, 552 0999 for 4800 or GREATER. Long Distance dial: 1 617 552 3020 (or 1 617 552 0999). Use SPACES to separate the numbers!
- You should see CONNECT 2400/REL (speed varies by modem). You **MAY** have to press <RETURN> several times to establish a connection. Then you will see **Servername for Quest/U-View is BCVMCMS**.
- Press the <ENTER>or <RETURN> once or twice and you will see Enter Username>. Enter your BC username and press <RETURN>.
- You will see the prompt **Type “C” Servername>**. For *U-View* or Quest, type c then a space then BCVMCMS. **NOTE:** Typing 6100 and 8400 **will NOT** work.
- Press <RETURN>. On the blank line under **Please enter a terminal id;** prompt, type 1 for VT100, unless you know that your machine is otherwise.
- The BC screen will appear. Type your username on the **Enter your Username, Eagle Number...** prompt and press <RETURN>. (You can use any of the listed options.)
- Tab once and type your PIN (Personal Identification Number) on the **Enter Your PIN Number:** prompt and press <RETURN>.
- You are now at the APPLICATION MENU screen of UIS. Select the application you wish to use (e.g., UIS, QUEST) and type its corresponding number on the **SELECTION=>** prompt and press <RETURN>. (For *U-View*, type **1** for the UIS system.)
- You are now at the System menu for UIS. Your options will vary. Type the number for *U-View* (or other service) on the **ENTER SELECTION** line and press <RETURN>.

Logging Off

- If you are using UIS mail, return to its main menu. Type **L** on the **ENTER YOUR CHOICE** line and press <RETURN>.
If you are using *U-Buy*, return to its main menu. Type **L** on the **TYPE SELECTION HERE...** line and press <RETURN>.
If you are using *U-View*, return to its main menu. Type **L** on the **TYPE SELECTION HERE...** line and press <RETURN>.
- The APPLICATION MENU screen will appear. Type **L** on the **SELECTION=>** line and press <RETURN>.
- You are now at the BC screen. Type Y on the Enter “Y” to disconnect: prompt and press <RETURN>.
- At the **Type “C” Servername>** prompt, type log to disconnect.
“C” option on *U-View Plus* (View Courses) can now access both fall and spring courses.

U-View Plus

Instructions are posted in the Student Learning and Support Center and in O’Neill 248.

U-Dial

- Call the Boston College Voice Response Unit:
617-552-8800
If you are calling outside the 617 area code, be sure to dial 1 + 617 before 552-8800.
- Enter your **Eagle Number** or your **social security number** upon request.
- Enter your 5-digit **personal information number (PIN)**.
- Once you have accessed the voice response unit, the tape will list the main menu of transactions. (Review the selections below to be sure you understand the differences between transactions.) The system will then request that you choose a transaction by pressing one of the following:
TO ADD A COURSE: If you wish to **add** a course, press **1** when prompted to do so. Then follow the instructions at each prompt until the add transaction is completed.
TO DROP A COURSE: If you wish to **drop** a course, press **2** when prompted to do so. Then follow the instructions at each prompt until the drop transaction is completed.

TO ADD AND DROP A COURSE: If you wish to **drop** one course and then **add** one course, press **3** when prompted to do so and follow the instructions at each prompt until the drop/add transaction is completed. This transaction will *not* complete the drop *unless* you successfully add one course in its place; therefore, you shouldn’t worry when the drop transaction appears not to have gone through. This transaction should be used if you are changing the corequisite for a course (a lab or a discussion group).

TO CHECK THE STATUS OF A COURSE: If you wish to check quickly to see if a particular course is **open**, press **4** when prompted to do so. Then follow the instructions to check the status of the course.

TO LIST COURSES: Press **5** to hear the courses you are currently registered for or to confirm your transaction(s).

TO END CALL: Press **9** to disconnect from the Voice Response Unit. Be sure to listen carefully to instructions as you proceed with any transaction. **If you make a mistake at any time, press * to start over.**

Once you are familiar with the system, you can bypass the recorded message by entering the information requested at the beginning of the prompt.

Problems/Error Messages

You may encounter a problem or receive an error message while using the voice response unit.The most probable messages/problems and solutions are listed as follows.

Problem/MessageProbable Solution

1. Can’t access system	Use a touch-tone phone not a rotary phone, or try from another phone. Your phone may be malfunctioning.
2. System not available	You are calling outside the hours 8:00 A.M. to 11:00 P.M. seven days a week. Please call during <i>U-Dial</i> hours. OR the system is experiencing unscheduled downtime. Please call back in 15 minutes.
3. Busy Signal	The system’s incoming telephone lines are all in use. Try again later.
4. System does not answer	The Voice Response Unit is not functioning. Try again later.
5. Wrong ID	Check to make sure that you are inputting your Eagle or social security number correctly.
6. Wrong PIN	Check to make sure that you are inputting your PIN correctly.
7. Wrong index numbers	Check to make sure that you are inputting the correct 4-digit index number, not the course number (e.g., 9999 rather than EN999.09). Refer to the <i>Schedule of Courses</i> for index numbers.
8. Time Conflict message	Check the <i>Schedule of Courses</i> or the Course Status List available on <i>U-View Plus</i> . If there is still a problem, there may have been a time change. What is on the computer is correct since it is the most up-to-date.
9. The course you want is <ul style="list-style-type: none">• a sixth course• restricted to a major or school• closed or requires department	Students in A&S, CSOM, and SON who maintain a 3.00 GPA, may add a sixth course on-line (up to 20 credits) during the first week of classes. You must get the appropriate departmental approval to be allowed to override these restrictions. For all these restrictions, see the department. If they issue an override, obtain the necessary stamp(s) and/or signature(s) and bring the approved form to Lyons 112 by 4:30 P.M. on September 9.

If the above does not resolve your problem, or if you have a difficult problem, call 617-552-3300 during business hours from May 22 to August 21, Monday-Thursday 8:45 A.M. to 4:45 P.M., Friday 8:45 A.M. to 3:00 P.M.
